

Blessing-Rieman College of Nursing and Health Sciences
Financial Aid Disbursement Schedule
2023-2024

At Blessing-Rieman College of Nursing and Health Sciences the first disbursement for aid will be issued during the third week of the semester. Disbursements will only be made to those students who have a completed financial aid file and have been determined eligible for financial aid based on federal, state, and institutional regulations. Students are required to meet all criteria outlined in the Satisfactory Academic Progress Policy. All awards are contingent on both a student's enrollment and their satisfactory academic progress status.

All financial aid funds are subject to availability from the appropriate agencies and the regulations which govern these programs. Disbursements are based on the number of credits a student is enrolled in at the time of calculation (calculations are made approximately 7 days before disbursement).

For students whose financial aid files are not complete at the beginning of the semester or awarded later in the award year, payments will be issued at later disbursement dates. You can expect your file to be updated 2 weeks from the date you submitted all required documents to the Financial Aid Office.

*IL Map Grant disbursements are contingent upon funding from the State and in some cases may be delayed.

This disbursement schedule is tentative and is subject to change without notice.
