

**About the program:**

Blessing-Rieman College of Nursing and Health Sciences (BRCN) welcomes Registered Respiratory Therapist (RRT) seeking to obtain a Bachelor of Science in Respiratory Therapy.

BSRT preparation provides the RRT opportunities:

- To obtain personal goals for professional development
- To meet institutional requirements
- For expanded professional roles/advancement
- To apply for programs in specialty fields of Respiratory Therapy (Educator, Manager/Administrator)

Expected Student Learning Outcomes:

- Utilize management and leadership principles to make difficult decisions, solve problems, and improve performance.
- Demonstrate strategies and techniques to enhance patient education.
- Employ research methodology to analyze relevant medical literature.
- Analyze clinical data and make recommendations for appropriate critical care interventions.
- Understand ethical theories and principles as they apply to patient scenarios.

Classes begin every semester, and the program can be completed in as little as 12 months!

The program is designed with flexibility in mind. All coursework is 100% online.
