The Financial Aid Office understands that the family's ability to contribute toward 2021-2022 academic expenses may change since the time of filing the Free Application for Federal Student Aid (FAFSA). This form will allow you to explain any circumstances that you feel may affect your ability to cover your educational costs.

Attach supporting documentation with dollar amounts and clear explanations. We cannot process this appeal without specific details regarding your special circumstances or without appropriate supporting documentation. Families with an Expected Family Contribution (EFC) of \$0 will not be reviewed for Special Circumstances. Appeals are reviewed by a committee process and are handled on a case-by-case basis, with the judgment of the administrator serving as the final decision. Requests may be denied for other reasons such as excessive requests, progress toward degree completion, or excessive student loan debt.

Please specify the family member and their relationship to you, the student, that experienced the unusual circumstance:
