If an institution determines that an applicant is unable to appear in person to present an unexpired, valid, government-issued photo identification, the applicant can now have the option of appearing on a video call to present an unexpired, valid, government-issued photo identification to an institutionally authorized individual who will review the identification. The applicant can still, but will no longer be required to, submit a copy of their identification document that is acknowledged in a notary statement or that is presented to a notary. The video call option will require the institution to maintain a scanned copy (electronic or hardcopy) of the identification documentation that includes the date it was presented and the name of the authorized representative that reviewed the documentation. This can be accomplished through a screenshot of the video call that has legible details of the identification.

**WARNING: If you purposely give false or misleading information  
you may be fined, be sentenced to jail, or both.**
